Future is more than just technology innovations. It's about the experiences technology creates to make life better and brighter. EGATE is about bridging the technology divide – breaking barriers between people & technology, innovating continuously to fulfill customer's expectations, environment and community at large.

EGATE took an early lead in introducing LED projectors to the Indian market in the year 2011. Our latest refinements in video display technologies meet diverse requirements, whether for education, business or home. By replacing costly lamps with long lasting LEDs and combining superior image processing technologies with computing capabilities, we have created an all-in-one projection device, eliminating the need for a separate PC. With relentless commitments to quality, consistent dedication to customer satisfaction and unparalleled standard of services, the products from us are ranked among the best brands in its class, incorporating world- class quality that doesn't cost the Earth.

Egate Infotel Pvt. Ltd. a CRISIL rated and ISO 9001 : 2008 certified company with MSME registration is head quartered in India and maintains an extensive network of dealers, internet resellers and partners in many countries spanning from Asia to Europe.
